Users Say:

"SlottaTime is reliable, compact and easy to use. Without SlottaTime we would need to employ up to two more office staff. It makes the running of our business so simple and allows for an almost paperless office (Greener). SlottaTime takes care of the daily operation of Big John's Services, Teams, Customers, Marketing, Job Booking, Job-Sheet preparing, Invoicing & Statements. And so much more."

What is SlottaTime?

SlottaTime is a computer program specifically designed to meet the needs of the Service Industry.

What does SlottaTime Do?

SlottaTime helps you to manage your Customers and Control your Business, your Work-Load and your Staff.

Manage my Customers?

Yes! With SlottaTime you can Manage your Customers, and their requirements easily. Locate all their information including historic and future work with only a few clicks on a mouse!

Help Control My Business?

SlottaTime centralises your information encouraging fast and detailed searches, accurate reporting (including financial reports) plus full activity and work tracking.

How can it Control Work-Loads

The integrated Scheduler finally lets you see at a glance the jobs assigned to each of your Teams or Crews and prevents embarrassing double-ups and no-shows.

How will it help my Staff?

Full Job Requirements and Contact details are available on the Job-Sheet including optional Maps, so staff can quickly locate the customer premises and know exactly what is expected.

I can't afford a new set up!

SlottaTime installs easily on most existing computers and fully supports sharing information across your computer network with many users, all for the same price as a single user.

Is it another foreign system?

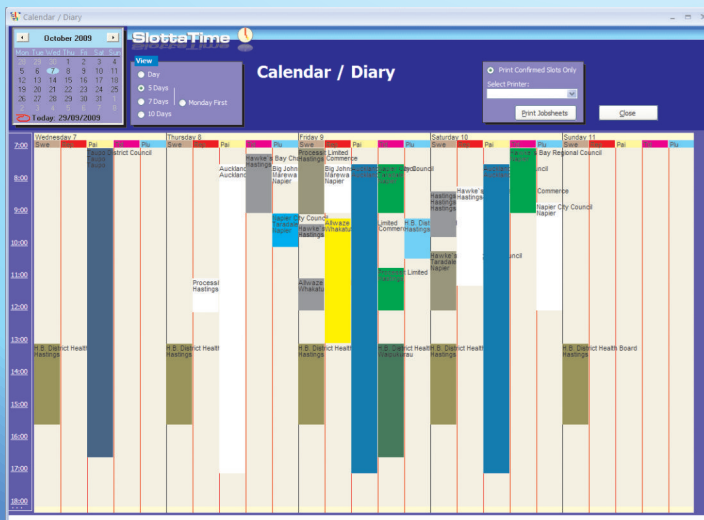

No. SlottaTime is 100% developed in Hawkes' Bay, New Zealand.

Will it take ages to learn?

SlottaTime shares the Microsoft Office user interface and has intuitive controls plus can interact with Word and Excel.

I'm not sure its right for me?
